WHITE PINE COMPOUNT

THE WHITE PINE COMPOUND GREAT WESTERN DEPO

The White Pine Compound.

"It was unriy in the spring of '62 that this com

pound was originated. A member of my family was afflicted with an critation of the threat attended with a divergueable cough. I had for some months previ-ous thought that a preparation having for its basis the inside bark of white pine weight be so compound-PIANOS, an avergreene congo. I and for some montain previous throught that a preparative having for its basis the inside bars of white plue wight be no compounded as the basis of the throat and of a to be very tradiction in the cress alluded to, I compounded a small plantity of the medicine that I bad been planning, and gave it he temporalise costs. The result was exceedingly graiffying. Within two days the irritation of the throat was removed, the cough subsided, and aspectly one was offected. Soon after this I sent to a lady in Londenderry. N. H., who had been suffering for some weeks from a had ough, occasioned by a subsident cold, and had raised mucos streaked with blood. She soon found relief and sent for more. She took about two orners of it, any get welt. J. H. Christe, Eng., editor of the Manel este Daisy Mirror, madea take lotthe same preparation; the teach of a server cold and was cured immediated. He was so highly pleased with the results, and so conduct in success aftenting its sales, it placed left the public, that he finally persuaded no to give it name, and sendit abroad to benefit the suffering. I November, 1856, I first advertised it under the man of White Pine Compound. In two years from that time there had been wholesled in Manchester also one hundred dollars worth, where it took the lead all the cough remedies in the market, and it stimulations that position. There is good reason to this; it is very southing and healing in its nature, it warming to the stomech, and pleasant withal to the taste, and is exceedingly cheap.

As a remedy for kidney complaints the White Pine As a remony for kidney comprisints the White line Compound stance unrivaied. It was not originated for that purpose; but a person in using it for a cough was not only cured of the cough, but was also cared of a kidney difficulty of ten pears' standing. Since that accidental discovery many thousands have used it for the same complaint, and here been completely cured."

The above was written by Dr Foland in 1860. Since then use in Manchester, the White Piec Compound Mr. H. hegs leave to any to like clinical account and vicinity that basing for many years been largely engaged in the Musicul Instrument trade in the Great West, with head-quarters at Cheveland, having the vary leat facilities for farmishing good and reliable instruments and would be pleased to hear from the lastruments and would be pleased to hear from able loatruments and would be pleased to hear from the musical public in this locality, and takes good pleasure in refering to Mesers. This remedy is as safe and pleasant to take as it is effectual.

The editor of the Manciester Daily and Weskly Mirrar, in the leader of the Daily, thus writes of the Compound: "The White Fine Compound is advertised at much length in our columns, and we am happy to learn that the demand for it is increasing beyond all previous expectations. It is the wary bast medicine for coughs and colds we know of, and to family that has once used it will be without it. We speak from our own knowledge, it is sure to kills cole, and pleasant as it is sure. The greatest inventions one by accident, and it is singular that the White Pine Compound, made for coughs and colds should prove to be the greatest remedy for kinney difficulties, known. But so it is. We cannot doubt it, so many testimonials come to us from well-known near. Besides, the character of Dr. Poland is such that wa know that he will not constants even had is wrong.
